T2 Junior Team Grant Application Announcement

What is the T2 Foundation?

The T2 Foundation is a non-profit organization that supports alpine, cross-country and freestyle skiers. Our annual grant program helps offset the costs associated with training and competing at an elite level. T2 athletes also give back to the youth and ski community by connecting the athletes we support with kids around the country through organized events and programs.

This year, to round out our sphere of influence within winter sports, we are officially starting a new grant program aimed at skiers ages 14-19. The T2 Junior Team Grants are designed to help the country’s best young talent continue within the development pipeline. The grants will be awarded based on need, merit, school standing and contributions to community.

The ultimate goal of this program is to make sure that America’s best young skiers have the opportunity to become the world’s best.
